

GD-Microluxx™

Entrance Mats • Indoor

MicroLuxx™ mats feature traditional nylon fibers blended with finer denier fibers that work together to absorb more moisture than standard mats.

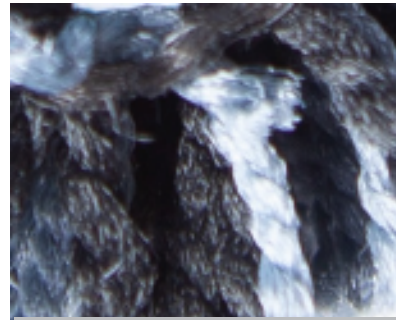

- Traditional Nylon fibers blended with very fine MicroLuxx™ fibers work together to absorb high levels of dirt and moisture.
- Absorbs more than 2 and a half times moisture than standard carpeted mats.
- High Twist heat set microluxx™ are resistant against crushing and allow dirt to filter into the mat rather than remaining on top of the carpeted surface.
- 100 % Nitrile EXS™ Rubber backing prevents curling and cracking in all types of weather.
